1 Introduction

The intention of this document is to serve as a reference of services available in the Ottawa area that may be of interest to families touched by autism spectrum disorder. Much of the information has been taken from recommendations from parents of children with autism spectrum disorder. (CT last updated V1.0)

Please turn on the “Navigation Pane” to help with navigating the document.

This document can be found on Facebook with the group name “Ottawa Directory of ASD Services” whose link is https://www.facebook.com/groups/348926905313387/.

1.1 Where to Start?

The autism journey can be quite daunting at first. Finding information can be difficult. This section contains some links to information that can be helpful when you are first looking for information.

<tr>
<td><a href="http://www.children.gov.on.ca/htdocs/English/specialneeds/autism/ontario-autism-program.aspx">http://www.children.gov.on.ca/htdocs/English/specialneeds/autism/ontario-autism-program.aspx</a></td>
<td>Ontario is transforming the way children and youth with Autism Spectrum Disorder (ASD), and their families, receive services through the Ontario Autism Program (OAP). Families began to enter the OAP in June 2017. The vision of the OAP is to give children and youth with ASD access to the timely and effective services they need to achieve their goals at home, at school, in the community, and as they transition into adulthood. The OAP provides all families of children and youth with ASD with flexible, family-centred services based on each child’s unique needs.</td>
<td>The Ontario Autism Program (OAP) is the latest provincial initiative to assist children and youth with ASD access funding and/or services. It is very important that you contact the OAP so that your child or youth can be placed on a waitlist. In Ottawa, here is the contact information: <strong>Children’s Hospital of Eastern Ontario</strong> 103-2280 St-Laurent Blvd Ottawa, ON K1G 4K1 <a href="http://www.cheo.on.ca">www.cheo.on.ca</a> <strong>Single Point of Access Phone Number</strong> 1-877-542-2294 or 613-249-9355</td>
</tr>
<tr>
<td><a href="https://www.scsottawa.on.ca/">https://www.scsottawa.on.ca/</a></td>
<td>Service Coordination (SCS) is the initial contact for individuals who have a developmental disability or autism in the Ottawa region. We help people find the supports and services in the community that are needed to assist them in their daily lives. One of our important goals is to empower families/individuals to make informed choices about the supports they seek.</td>
<td>Start Here! You do need an autism diagnosis to be assigned a case worker; however, you can call to ask for general information. They will make sure that you know about all of the government funded programs (i.e. ABA and IBI) you can apply for help and they will help you fill out the paperwork if you want.</td>
</tr>
<tr>
<td>autismadvocacyottawa.wordpress.com/roa dmap</td>
<td>The Ottawa Autism Roadmap was designed to be a visual tool to help the parents of children who A) suspect autism, or B) have been newly diagnosed. The Ottawa Autism Roadmap currently exists as a 1 page PDF with clickable links. There is also a 1 page accompanying “Services and Supports” sheet that you use during and after diagnosis. Please use this road map as you please. Share it with others if you find it useful! Other road maps to help different age groups of people with ASD are in the works.</td>
<td>Concise overview of the government agencies and private service providers involved in the autism community.</td>
</tr>

</table>
| **autismsupportOttawa@yahoo groups.com**  
| **https://groups.yahoo.com/neo/groups/autismsupportOttawa/info** | A Yahoo group called “Autism Support Ottawa”.  
A list for parents, professionals, and persons with autism/PDD in the Ottawa-Carleton region created to exchange information and resources, as well as to offer support. | Parent Support Forum  
A great place to ask questions about service provider or for advice on parenting. Many recreational activities (i.e. summer camps) are posted here as are community activities (i.e. autism walks). |
| **https://www.facebook.com/groups/431683703563382/** | A Facebook group called “Autism - Parent Support Group Ottawa(Canada)”. This is an informal support group for Moms, Dads and families who are dealing with a child or children with Autism on a personal level and needs support, advice or just to know you are not alone. Please feel free to chat, ask and answer questions, debate and discuss, vent and share successes or setbacks, ideas or great finds and resources. | Parent Support Forum  
A great place to ask questions about service provider or for advice on parenting. There’s also many posts from parents who need a friendly ear or words of encouragement. |
| **http://www.children.gov.on.ca/htdocs/English/topics/specialneeds/autism/aprk/index.aspx** and select the “kit” tab. | The goals for this Parent Resource Kit are:  
1) To increase the understanding of parents and caregivers of children with autism spectrum disorder (ASD) and the range of programs and supports available across Ontario.  
2) To increase the capacities of parents and families to support their child’s development by helping them plan for and access needed programs and supports by directing them to useful and credible resources, information, and supports across the province.  
3) To provide the above assistance through a parent-centered perspective and help parents know they are not alone, through the voices of other parents, autism service providers, educators, health care providers, researchers, and other professionals. | This document is published by the Ministry of Children and Youth Services and has an abundance of information. There are many links to other resources. |
2 Upcoming Events

The P4P Planning Network offers FREE resources designed to empower people with disabilities, families and caregivers to create meaningful lives and secure futures, firmly rooted in community. They have many on-line sessions that may be useful to those who are planning for their children’s future. [http://www.planningnetwork.ca](http://www.planningnetwork.ca)
3 Psychologists

Dr. Patricia Behnke 613-563-1632

Dr. James Brazeau, C. Psych. www.drbrazeau.com 613- 854-9694
I provide in-depth assessment services and recommendations for children (5+), adolescents, and adults with Autism Spectrum Disorders. In addition I also provide treatment services for children, adolescents, and adults with Autism Spectrum Disorders (ASDs). My practice also focuses on the assessment and treatment of other conditions that frequently co-occur with ASDs such as attention deficit/hyperactivity disorders, learning disabilities, mood & anxiety concerns, as well obsessive compulsive disorders.
Address: 303 - 267 O’Connor St., Ottawa ON K2P 1V3
Phone: 613 854-9694

5 Social Workers

Social Worker

Heather Fawcett MSW, RSW hfawcett@emergingminds.ca 613-454-8081

Counselling for older teens (16+) and adults with ASD and their families. Heather provides support to individuals and families in understanding ASD, managing anxiety and depression, handling life transitions, navigating relationships, and coordinating supports and services. She works in partnership with each client to determine the best therapeutic approach. Fees may be partly covered by insurance under social work or psychology. Heather works at Emerging Minds at the 97 Hinton Ave. N. location
6 Behavioural Consultants

ABA Connections Ottawa  
[www.abaconnections.ca]  
613-224-8476

ABA Connections is dedicated to providing support and resources to families, professionals, and individuals diagnosed with an Autism Spectrum Disorder (ASD) and other developmental and learning challenges through resources, methods, and services founded on the principles and theories of Applied Behavior Analysis. ABA Connections prides itself in its family-centred approach that strives to make services as accessible as possible for all families. Our services include, but are not limited to, ABA/IBI therapies, assessments, behaviour consultations, social skills programming, family support services, and respite services.

For more information please contact us at 613-224-8476 or abaconnectionsottawa@gmail.com or visit our website at www.abaconnections.ca.

ABA Consultation and Services (ABACS, LLC)  
bherscovitch@abaconsultation.com  
774-249-8403

Brandon Herscovitch, M.S.ABA, BCBA, program director

Applied Behavior Analysis Consultation and Services (ABACS, LLC) offers behavior analysis services directed toward those whose lives have been touched by autism spectrum disorders, as well as other developmental or behavioral disorders. Services include, but are not limited to:
• Workshops and trainings
• Service consultation (i.e. assessments, program evaluations, IEP consultation) • Comprehensive program consultation (establish and maintain a comprehensive home- and/or school-based program) • Direct behavior therapy services (therapists implement programs prepared by the consultant) Consultation and direct services are available in your child’s home- and school-based settings. Consultants are masters and PhD level board certified behavior analysts (BCBA), and all direct behavior therapy services are overseen by a BCBA.

Please visit our website to meet the consultants (BCBAs and clinical psychologist).

If you are interested in obtaining further information from ABACS, LLC, or have any questions regarding available services, please email info@abaconsultation.com or call 774-249-8403. Additionally, if you know any family, school, or organization that may benefit from our services, please forward them our information. I look forward to hearing from you and welcome the opportunity to provide our services to you. For further information on these services: www.abaconsultation.com (Please note that although this is an American consulting service, Brandon Herscovitch is originally from Ottawa and is a contributor to our list. This is why I’ve included his services at his request in our directory. DB)

ABA Services Ottawa  
[www.abaservicesottawa.com]  
613-218-7225

(Area description, see other sections for more services)

Anita Stapert, BCBA

Behaviour Consultant and Senior Therapist
anita@abaservicesottawa.com

Supervision of in-home ABA/IBI programs that focus on functional skills and communication. Programs use Verbal Behaviour and NET, with increasing communication as a consistent goal. Board Certified Behaviour Analyst experienced with learners ages 2-18 for the last 10 years. Able to provide set-up of new goals or a home program as well as observation and training of therapist, training of families, and therapist evaluations.

Behaviour Consulting to support families. Programs consist of several goals based on observation using the principles of ABA that help the family function more effectively. Goals will be based on the priorities of families and their immediate needs. Weekly data collection and meetings provide opportunities for training and discussion.

Available to work throughout Ottawa, Gatineau and surrounding areas. Please inquire with any questions. Currently accepting clients.

ABCommunication Speech Therapy Clinic  
[www.abcommunication.org]  
613-552-0841

We are a multidisciplinary clinic in Orleans, Ontario, providing bilingual (French and English) services in the following areas: Speech-Language Pathology, paediatric physiotherapy, occupational therapy and applied behaviour analysis (ABA- behavioural therapists and consultants). Our dynamic and highly skilled team can work together or individually to engage your child and to offer a comprehensive, collaborative and integrated approach to treatment, that embraces parent involvement and supports home programming. We provide our services through fun, enriching activities and use intervention strategies based on thorough evidence-based research.

We offer therapy sessions in various settings (in home, in clinic or daycare centres) in the following communication areas: language, social/pragmatics, oral-motor, behaviour, literacy, fluency and augmentative and alternative communication (PECS, light tech (communication boards/books), low tech devices, high-tech devices- Dynavox/Tobii series, iPads, etc.). Anick Labrèche-Garby is an individual authorizer (IA) with the Assistive Device Program (ADP) and can assist families in obtaining funding to cover the cost of ADP approved communication systems. Sharon Burgess is a Speech-Language Pathologist with ABA training.
Please find more information at [www.abcommunication.org](http://www.abcommunication.org) or by telephone at 613-552-0841. You can also submit an online referral through our website, by emailing us at [info@abcommunication.org](mailto:info@abcommunication.org) or by telephone. We look forward to working with you!

**ASPERV2.0**  
[www.aspenabaservices.com](http://www.aspenabaservices.com)

(Main description, see other sections for more services)

Services for individuals of all ages with autism spectrum disorder, developmental delays and related disorders

The Portia Learning Centre uses an inter-disciplinary approach in providing intensive behavior intervention / applied behaviour analysis for the treatment of autism, developmental delays and disorders. We have centres in Ottawa, Kanata and Durham (Whitby – Toronto) and provide worldwide consultative services.

We believe that every individual can reach his or her full potential by learning through motivation. The key focus of our ABA program is finding what is fun for the learner and using that activity to teach each new skill. Our comprehensive early intervention program teaches the core elements of socialization, communication, play skill, academic skill and many other skills necessary to succeed in school and the community. Parent involvement is the cornerstone of our program and involves increasing interaction with your child as well as learning important techniques to maximize learning in the home and the community and ensure generalization. Parents are provided with hands on training in the home, opportunities to observe live sessions, participate in workshops and attend monthly progress meetings. Working together with parents, educators and professionals in all areas of the child’s life we continuously strive to enable a better future for our children. Our comprehensive treatment program follows a developmental curriculum for children of all ages starting at 6 months. Skills are assessed and a curriculum is developed with a focus on communication (conversation, joint attention, requesting, etc.) as well as other skill areas including; socialization, visual skills, academics, etc.

Our team includes Behaviour Analysts (Senior Therapists), Therapists, Speech and Language Pathologists, Occupational Therapists and Psychologists. We employ a continuous improvement model for both ourselves and the Learner’s programs; where required, incremental changes to a program are made on a daily basis. These changes are always based upon sound evidence based practices and leading research principles.

For more information, please contact info@portialearning.com.

**Spectrum Intervention Group**  
www.spectrumig.com  
613-723-0606

(Main description, see other sections for more services)

19 Grenfell Cres, Suite 100
Contact us at: info@spectrumig.com or 613-723-0606 or visit our website at: www.spectrumig.com. Find us on FaceBook.

Spectrum Intervention Group has been providing evidence-based ABA/IBI programs since 2003. We are a parent-founded charity whose primary objective is to provide individualized programming using ABA principles and procedures to learners aged 2-21, in order to increase their cognitive, language and social abilities in the home, school and community. ABA programs that take into account Skinner's analysis of verbal behaviour (commonly referred to as “VB programs”), are at the core of Spectrum's programs. Our knowledgeable and well-trained staff develop and provide individualized programs based on each learner's needs.

**Our Senior Clinical Staff:**
Lynne Thibodeau, BCBA, M.Ed, Clinical Director
Kristen Copeland, BCBA, MA, Clinical Supervisor/Senior Therapist
Jackie Shore, BCaBA, B.Ed, Senior Therapist
Emily Collins, BCaBA, BA, Senior Therapist
Anne Frazer, BCaBA, B.A. Honours, Senior Therapist
Laura Rombough, BCaBA, Senior Therapist
Stephanie Germain, M.Ed., CCC, Senior Therapist
Debbie Barbesin, M.ADS, B.A. Honours, Senior Therapist

Our Senior clinical staff supervises a dedicated team of instructor therapists.

**We offer a variety of individual and group services including the following:**

**1:1 programs:**
• All programs are supervised by a Board Certified Behaviour Analyst (BCBA).
• Centre or home-based 1:1 (minimum of three ½ days per week)
• Programs are individualized to each learner after an assessment.
• Assessment tools include: ABLLS-R, VB-MAPP, Assessment of Functional Living Skills
• Targeted skills include: Language (receptive and expressive), social, behavioural, academic, play, and school-readiness, and adaptive skills.
• Daily data is collected and analyzed.
• We also offer consultative services, and parent training. Please contact us for additional information.

Group programs: (note – all are offered based on availability of appropriate peer matches):

• All programs are supervised by a Board Certified Behaviour Analyst (BCBA).
• Groups are offered from 1 to 5 times per week.

• The following groups are currently offered:
  
  o School readiness group – currently Tuesday and Thursday p.m. – for learners 5 to 8
  o STRIVE – currently Tuesday and Thursday p.m. – for learners 9 to 12
  o SCOPE – five days per week from 3:00 to 5:00 p.m. – for learners ages 17 to 22
  o Leisure Quest – once per week for 2 hours; depending on demand – groups for ages 5 to 9 or 10 to 14
  o TAG (Transition to Adulthood Group) – Tuesday evenings from 5:30 to 8:00 (targeting cooking, adaptive skills and other pre-employment skills)

Services we provide:
- Assessing individuals using the VB-MAPP, ABLLS or AFLS
- Assisting families in finding appropriate therapists
- Provide training and oversight to the therapists
- Designing individualized programs to increase functional and socially significant social, language and adaptive behaviours
- Designing individualized programs to decrease problem or interfering behaviour
- Ensure accurate data collection for each program
- Analyzing the data to ensure programs are meeting established goals and adjusting programs accordingly
- Collaborate with other professionals (Occupational Therapists, Speech Language Therapists, Psychologists, representatives from the school board)
- Parent training
- Direct Funding Option (DFO) supervisors

For more information about our services, visit our website www.spectrumig.com or please contact us at 613-723-0606 or info@spectrumig.com.

**If you have a need for a particular service, but do not see it listed, please feel free to contact us at info@spectrumig.com, or by telephone at 613-723-0606 for more information,**

---

**Success in Steps**

My name is Sylvia Corzato and I’m a parent consultant with Success in Steps.

I provide parents with effective strategies to help them overcome their child’s challenges and behaviours. The strategies that I help families implement are completely personalized for their needs and situation. Areas that I assist in includes behaviour and emotional challenges, understanding the function to why your child is misbehaving, increase independent daily living skills, tackling potty training challenges/ potty training service, increase compliance and independence along with transforming family relationships through improved organization and balance, to name a few. I have over 16 years of experience working with children and their families, particularly families with children on the autism spectrum.

---

**Success in Steps**

[http://www.successinsteps.ca](http://www.successinsteps.ca)
My profile and experience can be viewed in more details at [www.successinsteps.ca](http://www.successinsteps.ca) or [https://ca.linkedin.com/in/sylvia-corzato-b30548110](https://ca.linkedin.com/in/sylvia-corzato-b30548110).

Our goal at Success in Steps is to provide families with small adjustments to make big changes. By providing the parents with the tools and support, they will be able to experience the joy their children can bring them when their time and energy is not spent on trying to cope with negative or less desirable situations.

Services are offered in the comfort of the family's own home or via phone/Skype consultation, parents are able to select the options that best suits their needs.

We provide physiotherapy, occupational therapy, sensory integration, speech language pathology and floortime consultations. Our area of focus is children, adolescents and adults with ASD, regulatory disorders and/or language based learning disabilities.

**Connecting Early**  
rachael@connectingearly.com  
613-805-0373

Rachael Riehtman is certified through the MIND Institute, University of California, as a trainer and provider in Early Start Denver Model (ESDM) intervention for children with autism. She provides a range of services, including parent coaching, in-home therapy, and program consultation, for families with children with autism, or infants and toddlers displaying signs of autism. Rachael has experience with children as young as 6 months old.

‘The aim of ESDM is to increase the rates of the development in all domains for children with ASD as it simultaneously aims to decrease the symptoms of autism. In particular, this intervention focuses on boosting children’s social-emotional, cognitive, and language, as development in these domains is particularly affected by autism. ESDM also uses a data based approach and empirically supported teaching practices that have been found effective from research in applied behavior analysis. ESDM fuses behavioral, relationship-based, and a developmental, play-based approach into an integrated whole that is completely individualized and yet standardized.’ (Taken from www.ucdmc.ucdavis.edu/mindinstitute/research/esdm/)

**Kathleen Rooney Therapeutic Education**  
kathleen@kathleenrooney.ca  
613-789-1212

473 Besserer Street, Ottawa ON  K1N 6C2
Kathleen Rooney M.Spec.Ed, BMusTherapy, OCT, MTA, Sensory Integration Therapist

Kathleen specializes in Sensory Processing issues. She takes a neurodevelopmental approach to teaching children with special needs in the areas of cognition, language, social, fine and gross motor, motivation, organization and attention. She works one-on-one with clients in her Sandy Hill studio and does private in-home consultations.
Kathleen has presented educational workshops to thousands of parents and teachers over the past 24 years. Some of these workshops are available online at her website www.kathleenrooney.ca.
She has developed and implemented numerous programs for young children, teens, and young adults with special needs.

Service Coordination 613-748-1788
The Worker Bank is designed to assist families who are in need of respite and/or developmental programming (for their child with a physical disability, developmental disability or autism or an adult with a developmental disability or autism) by connecting them with workers. To access the Worker Bank, families must be receiving funding from one of the following programs:

- Special Services at Home (SSAH)
- Assistance for Children with Severe Disabilities (ACSD)
- Passport
- Autism Spectrum Disorder (ASD) Initiative

It is important to appreciate that the worker is an independent contractor who is employed by and paid by the family. To help families and workers find the right match some of the following criteria are considered: geographic location, skills, interest, availability and gender.

It is also important to note that the Worker Bank is not a placement agency. It is a referral source available for families.

Special Needs Caregivers SpecialNeedsHelp@aol.com 613-762-2304
“Our experienced, qualified Special Needs Caregivers can help with whatever special needs your child or adolescent may have. If your child or adolescent does not fit a standard community program or service, we will customize a one-to-one program to meet your child's or adolescent's needs.”

Delphine Amer delphine@kidscangrow.com 613-850-0762
I am CYC certified (member OACYC), and I am presently completing an MSc in child and adolescent mental health. I have CBIA-1 certificate in ABA.

Angele Bissonnette angelebissonnette@yahoo.ca
I have a BA in Psychology and 12 years experience educating children with special needs. My specialty is developing fun activities for children according to their current level of ability and needs, teaching them the skills they need to learn in small attainable steps.

My goal is to work with parents and special needs workers to develop specific hands-on activities that will work with your child and can be easily integrated into your current routines. I am an excellent and creative problem solver and believe that every child can be reached with the right approach.

I am working on setting up a therapy room in my home where I can offer a safe, personalized and controlled environment to try out different activities to determine which are best for your child. I’ve often heard parents comment that their child will try new activities here that they ignore at home and so believe that there is added value in this. I am also hoping that I can help parents save money by sharing my games, toys and equipment and help them determine if they need to buy expensive specialty items. I can also offer cost effective alternatives to these.

I have a BA in Psychology and have been trained and am experience in; Applied Behavior Analysis, Verbal Behavior, Floor Time, Mini MindMaster, Nonviolent Crisis Intervention (CPI) and have LSQ1 and experience in ASL and Picture Communication Systems. I pull from all my training and experience to customize an action plan to meet your child's specific needs and personality without staying confined to one specific approach if that is best for your child. I also offer my services in French. Resume and references are available on request.

Crystal Gallant, CYW, BA gallantcry@gmail.com 613-230-5962
Experience working with children of various ages with Asperger’s Syndrome and high functioning Autism.

Attended two of the Geneva International Symposiums on Autism as well as various Geneva Centre workshops here in Ottawa.

I have worked as an Educational Assistant, a Residential Counselor and have provided independent family support.

Social/Life Skill building
- Create and implement written and illustrated tools to help child/youth become familiar with routines and changes in routines (Social Stories and other similar tools)
- Role-play scenarios- conversation skills, resolving conflicts and misunderstanding
- Integrating children/youth into community activities
- Familiarizing child/youth with using the library, transit system, ordering in a restaurant etc.
Emotional
- Recognizing and coping with various emotions— in self and in others
- Recognizing triggers for anger, stress, frustration, etc.
- Theory of mind

Academic
- Build organizational skills that meet the needs of the child, parents and teacher
- Tools to help with group work assignments
- Help with abstract thinking

I am available to come to your home and work with you and your child/youth during the evenings and on occasional Saturday mornings.

Family Harmonies Familiales  fhf@rogers.com
Angèle Jodouin, DSW  613-302-5943 and Melodie Grealy-Fredette, DSW 613-315-5943

Harmonization and Empowerment through a Living Plan

Harmonization - Interaction Facilitation

As an alternative to continual intervention, our approach to problem-solving, improving communication and interactions in all facets of life, Harmonization services are offered to families with and without special needs, in the Ottawa area.

Our goal is to provide a functional plan that is specific to their needs, which can be tailored and adapted over time— while teaching the families the skills to apply these changes. We teach that structuring choices into real life situations is easy and fun.

We believe that teamwork, communication, strong support systems and fun are crucial to resolving dissonances that arise.

Think of a piece of music. The notes work together to form beautiful melodies and harmonies. (teamwork)

There must be definite key and time signatures as well as a structure for the piece to sound good to our ear. (strong support systems)

The musicians who are performing the piece must stay in constant communication, especially if they are improvising. (communication)

Everyone involved in a successful performance will be uplifted and cheerful. (fun)

We serve as accompanists. You provide the lead and we support it.

Penny Laughlin  pennyloonietwoonie@yahoo.ca  613-421-7022
Special Needs Worker in the Crystal Beach area.

Spectrum Intervention Group

1:1 tutoring. Cognitive development. Flexible approach and program using a variety of materials and techniques suited to each child's needs. Experience with Asperger's, LD and dyslexia. Multi-sensory, calming strategies, high school math, reading comprehension and support to develop phonemic awareness available. This practice, formerly offered by Ann Sutherland, has been taken over by Christine Sinding.

Tutoring that supports students to achieve academically, develop self-confidence and recognize their personal strengths. Taking a multisensory and structured approach to learning, students are gently guided to develop discipline, become organized, learn coping and calming strategies and understand their learning needs and strengths as they tackle academic demands. Areas of focus include reading comprehension, the development of phonemic awareness, math as well as other subjects. Specialized remediation of English Language learning disabilities is available as needed.

**ABA Connections Ottawa**
For description and contact information, refer to the section Behavioural Consultants.

**Ontario Autism Program-Eastern Region**
This is taken directly from the Ministry website [http://www.children.gov.on.ca/htdocs/English/specialneeds/autism/ontario-autism-program.aspx](http://www.children.gov.on.ca/htdocs/English/specialneeds/autism/ontario-autism-program.aspx):

The OAP Guidelines provide operational guidance for autism service providers and set expectations for the delivery of the OAP across the province. The OAP Guidelines will continue to evolve as we work with families, clinical experts and stakeholders to improve how the OAP is delivered. The OAP Guidelines have been updated as of January 15, 2018.

The OAP Clinical Framework was developed by the Autism Spectrum Disorder Clinical Expert Committee and is used, along with the OAP Guidelines, to guide clinicians who work with families to assess their child’s needs, and plan their behavioural services. The framework also helps families understand how their child’s needs are assessed, how behavioural intervention services are planned, how their child’s progress is reviewed, how transition planning is undertaken, and how their family is involved in these processes.

The OAP Information Sheet is a new document that provides families with information about the program and what service options are available to them. Families will receive this document from their Family Support Worker (title may differ across regional providers) to help make informed decisions about their service options.

The Family Guide to OAP Clinical Teams is a new document to help families understand the roles, responsibilities and qualifications of OAP clinical team members.

In the event that families have concerns about their child's OAP Behaviour Plan, families should speak with their OAP service provider to discuss these concerns. If a family's concerns cannot be resolved internally with their service provider, they can request an Independent Clinical Review of their child's plan. Please refer to the Family Information on the Independent Clinical Review Process.

This serves the regions of Ottawa-Carleton, Renfrew, Stormont, Dundas and Glengarry and Prescott-Russell counties.

**School Support Program**
The goal of the School Support Program is to work directly with teachers, educational assistants and other education professionals, as well as community partners to enhance supports available in the provision of educational services to any student with ASD (including Asperger’s and PDD-NOS) in the publicly funded school boards. Services are offered through consultation, training, and resource development. Requests for service for the SSP are sent by the School Boards. Parents cannot refer their child directly to this service.

The School Support Program provides services through the Connections for Students initiative. This program supports seamless transitions for children with ASD from Intensive Behavioural Intervention (IBI) to public funded schools using Applied Behaviour Analysis (ABA) instructional methods.

**ABA Services and Supports Program**
The ABA Services and Supports Program provides services to children and youth with ASD and their parents in four domains:

- Behaviour,
- Communication,
- Daily Living, and
- Social/Emotional Regulation.

These services will increase the skills of children and youth with ASD, while also increasing education and supports offered parents to promote lasting changes.

**City of Ottawa**
Donna Quiggin, Portfolio Manager, city-wide Special Needs. Offering specialized programmes, matching volunteers to special needs children so these children can be integrated in a programme with typically developing children.

**Children at Risk**
Donna Quiggin, Portfolio Manager, city-wide Special Needs. Offering specialized programmes, matching volunteers to special needs children so these children can be integrated in a programme with typically developing children.
Children at Risk is a charity. Our Mission is to provide services and programs to families of children diagnosed within the Autism Spectrum Disorders to develop their child’s behavioural, communication and social skills, and to advocate for their ongoing needs.

**Social Skills Groups**

**Children’s Integration and Support Services**

Children’s Integration Support Services (CISS) provides supports, in English and in French, to licensed child programs (nursery schools, child care centres and home child care agencies) that integrate children with special needs, between 6 weeks to 10 years of age, within the City of Ottawa.

CISS is part of Andrew Fleck Childcare Services and Childcare Information.

**Community Care Access Centre (CCAC)**

http://healthcareathome.ca/champlain/en 613-745-5525

The Champlain Community Care Access Centre (CCAC) connects people of all ages with the health and support services they need to:

- remain safe and independent at home
- return home safely from hospital and avoid readmission
- find primary care
- explore long-term care options, day programs, and more

Our goal is to connect people with the right care at the right time and in the right place. Every day, we help people find their way through Ontario’s health care system, understand their options and connect them to quality community-based health care and resources.

Our highly qualified health professionals provide a range of specialized care at home and in the community, including:

- physiotherapy
- nursing
- speech therapy
- palliative care, and more

We work with people of all ages to ensure they make informed choices about their care and receive services in the most appropriate setting.

**Developmental Services Ontario Eastern Region (DSOER)**

www.dsontario.ca 1-855-376-3737

Developmental Services Ontario helps adults with developmental disabilities connect to services and supports in their communities. There are nine agencies across Ontario to serve you. Our organizations are funded by the Ontario Ministry of Community and Social Services.

Wherever you live in Ontario, we can help you or someone you care for to connect with available

- residential supports
- caregiver respite
- community participation supports (like recreation, volunteering, employment, or in-home supports)
- professional and specialized services
- person-directed planning
- and other supports to help people with developmental disabilities become more involved in their communities!

Ottawa Children’s Treatment Centre (OCTC)V2.0  www.octc.ca

“OCTC has amalgamated with CHEO as of October 1, 2016. We are in a bit of a transition phase, however how we deliver our services is still pretty much the same. We are still a Children’s Treatment Centre. At this point our intake at OCTC is still the same as before. So any parent suspecting that their child may have delays or ASD can call our intake at OCTC for an assessment or early intervention support for their preschool child or youth. OCTC also has a new referral form for parents on line now too. We have updated our website at OCTC to reflect how services are provided for children with a diagnosis of ASD: http://www.octc.ca/go to Program and Services then to Autism Services. First Words also has a new on line screening tool to help parents assess their child language issues and make a referral if they are concerned: http://firstwords.ca/firstwords/first-words-services/whats-new/”

(CT) The following information is taken directly from the www.octc.ca website. Please refer to the website for the most up-to-date information including contact information.

OCTC works with children, youth, and certain adults with physical and/or developmental disabilities living in Eastern Ontario who are striving to reach their full potential.
Currently our programs serve over 3,700 clients annually living in Ottawa, Renfrew, Stormont Dundas and Glengarry, Prescott Russell, as well as northern Leeds, Lanark, Grenville.
Through a variety of bilingual programs and services, OCTC’s professional staff work closely with the child and their family across sites in Ottawa, Kanata, Cornwall and Renfrew, to deliver high quality, family-centred service.

Services offered by OCTC include:
- Early Childhood Program (ECP) – for children from birth to school entry, including 'getting started' services, preschool, therapy teams, infant development, and early intervention for children who are blind or have low vision
- Lifespan Program – a range of diverse services helping clients at various stages of their lives, from initial intake into OCTC to community transition assistance, as well as medical clinics, behavioural services, and recreation therapy
- Assistive Technology Program – specialty technology services for children up to age 19, including the Clinic for Augmentative Communication, seating and mobility support, and technical services featuring a lending library, computer consultation and training, as well as toy adaptation
- OCTC School – education options including the OCTC School and liaison teacher services
- Special Activities & Playgroups – specialized play and learning groups for young children and their families
- Respite Services – out-of-home respite options for families with children and youth who are medically fragile and/or technologically dependent

Quick Start – Early Intervention for AutismV3.1  https://www.quickstartautism.ca/  613-791-3757

QuickStart - Early Intervention for Autism is a Not-for-Profit registered Canadian Charity. (We are NOT a government funded agency.)
All QuickStart programs (KickStart, ReFresh ReStart, and workshops) are offered at no cost to the family.

KickStart Intervention Program

A collaborative early intervention program between QuickStart and Emerging Minds.

QuickStart funds the $4,000 per child for the program which is raised through our charity so there is no cost to the family.
Criteria for KickStart:

- Must be demonstrating some symptoms of Autism (or have an Autism Spectrum Disorder - ASD diagnosis)
- Be 30 months of age or under
- At least one parent must be able to participate with their child during daytime working hours
- Family must be able to commit to regular weekly appointments, without interruption, for 4-5 months in duration
- Children are not receiving more than 10 hours per week of other autism-related interventions
- Parents are able to commit to applying the treatment strategies that they have learned at a rate of at least 2 hours per day
- Parents are able and willing to complete an intervention log of their practice sessions with the child

If you meet the above criteria and are interested in our KickStart program, please call 613-791-3757 and ask to speak to Suzanne.

Ottawa Autism Roadmap

In partnership with Autism Ottawa Advocacy https://www.quickstartautism.ca/?lid=P5EK5-7P6UT-44BDY

ReFresh ReStart respite program

Parents apply annually for a draw for a one or two night stay in a local hotel, thanks to the generous support of the hotels and donors.

Proof of their child’s autism diagnosis is required. Funding for childcare while the parents are away is available.

Please note - our program is for parents to get away for a night or two. Those applying must be able to arrange their own childcare for the time they are away.

For more information and to apply go to www.quickstartautism.ca to our QuickStart Programs.

Workshops:

QuickStart offering free workshops. To be added to our mailing list please email info@quickstartautism.ca

Videos of our workshop 'Next Steps' are posted on our YouTube channel 'QuickStart Autism'.

https://www.youtube.com/channel/UCh3XRjulBGFqhlL3g-rPw

If you have any questions about our programs or if you'd like more information, please email info@quickstartautism.ca

QuickStart Events:

Autism on the Hill
National awareness event held each year on Parliament Hill. www.autismonthehill.ca

Sensory Santa
Held in local Ottawa malls in November and December. Information will be posted on our website in November.

Service Coordination

Service Coordination for People with Developmental Disabilities (SCS) is the initial contact for individuals who have a developmental disability or autism in the Ottawa region. We help people find the supports and services in the community that are needed to assist them in their daily lives. One of our important goals is to empower families/individuals to make informed choices about the supports they seek.

Service Coordination assists people in the Ottawa community who have a developmental disability and/or autism by:

- providing information about services, supports and resources that are accessible and available to individuals/families;
- facilitating the individual’s access to appropriate community resources to meet needs and achieve goals;
- researching alternate supports where conventional services/supports are not available.

Service Coordination des services offers bilingual services to individuals of all ages.

200-150 Montreal Rd., Ottawa, ON, K1L 8H2
General e-mail: admin@scsottawa.on.ca

### Communicare Therapy

**Website:** [www.mcaretherapy.com](http://www.mcaretherapy.com)  
**Phone:** (613) 627-0654 / 1-877-289-7101

**Therapists:**
- Lori Howell, OT Reg.(Ont.)
- Amanda Dresch BSc., MSc.O.T., OT Reg. (Ont)

**Therapy Services**

M-CARE Therapy offers bilingual occupational therapy services to both children and adults with learning, developmental and/or motor disabilities, and much more. We help individuals learn new skills to be able to independently perform their daily activities. Our services include helping individuals learn self-care skills, social skills, fine and gross motor skills, written output and more. We focus on integrating therapy interventions to everyday activities to enable children, families and adults adopt new skills as part of their everyday learning.

**Contact:** Marie-Christine Beshay, MSc. (OT Post-Professional), OT Reg. (Ont.), OT (C) and Director. Fax: 613-691-1352.

14 Paediatricians and Other Specialists

Dr. Bergh 613-231-5000
Please note: Dr. Bergh is by referral only and specializes in dealing with children whose diagnosis is ADHD. However, he does deal with children who have a dual diagnosis of ADHD/ASD.

Dr. Gary Bonn 613-729-7800
Children’s eye specialist.

Dr. Kevin Chan 613-591-1234
99 Kakulu Rd, Kanata, ON K2L 3C8
Recommended by a parent

Dr. Lixin Chungphaisan 613-599-0055
Optometrist

Gamma Dynacare www.gamma-dynacare.com
Note: a parent on our list mentioned that she was able to have a lab technician visit her home to take blood from her child which may be a good option for those whose children experience a great deal of anxiety during blood tests. I could not find it on their general website but suggest you call a lab near you to see if the service is indeed available (DB).

Dr. Annick Fournier CHEO 613-737-2235
Paediatric Ophthalmologist -
Dr. Annick Fournier CHEO,
401 Smyth Rd., Ottawa ON K1H 8L1
Tel : 613 737-2235

Dr. Christopher Shoemaker 613-225-5015
From a letter introducing himself and his services (DB) “I am choosing to add a component of Family Support for family members and affected individuals with Asperger’s Syndrome and ADHD Spectrum Disorders to my newly opened Practice in Ottawa, Ontario. As I am a licensed physician in Ontario, such support is fully covered by O.H.I.P. I am willing to provide shared care along with Clinical Psychologists who see many of these clients. Please feel free to circulate my contact information to those colleagues who would find that arrangement helpful.”

Dr. Van Stralen 613-726-7355

Dr. Rossana Tirado, M.D. FRCPC 613-794-9901
Pediatrician with a practice focused on behavioural paediatrics, mood disorders and management of ADHD.

Referrals for assessments for suspected ASD are given priority status over other referrals and include a Wood lamp examination as per guidelines. If ASD is confirmed, a medical certificate is provided to access the provincial funds via CHEO’s Autism program and hence access various necessary services. Parents are guided towards obtaining government tax credits, etc. and referrals to genetics and audiology are organized.

I will also assess youth with ASD who are having behavioural challenges despite behavioural interventions as well as those who are suspected of having underlying ADHD.

As a physician, my services are covered by OHIP

18.2 NAET Practitioners

Judith Spence, DNM, RN, Adj.Ac., ND(QC) is a NAET and DAN-oriented practitioner.
NAET Clinic of Ottawa 536-A Dovercourt Avenue
Ottawa, ON K2A 0T9
Tel: (613) 728-2579
www.naetottawa.com; judith_spence@naetottawa.com

Carol Artz
I am a NAET Practitioner (Nambudripads Allergy Elimination Technique) here in Ottawa and the mother of an autistic son (PDD-NOS). I have worked with several autistic kids as well as NT kids and adults. NAET is a technique that does not use drugs or needles, only some accupressure on the back. Allergies are treated one at a time, in a specific sequence. Usually only one treatment is needed per allergen. There is no need to live with allergies. I have helped many people get off of medications for allergies and asthma. Check out my website www.carolsallergytreatments.com and the NAET website www.naet.com. I can really help!

22 Recreational Programs and Activities

22.1 Arts Programs (visual arts, music, stories, drama)

Around the Campfire

*Around the Campfire* is a program in partnership with the City of Ottawa. It is open to all children with Special Needs. It focuses on helping children socialize through music, rhymes and stories. Children will get to sing, chant, move, dance, listen, share and play simple instruments and games.

The program runs weekly from 6:00-7:30pm in 2 different locations (Central, and Kanata).

**Locations**

**Central Option:** Hintonburg Community Centre, Room #2 in the basement Wednesdays

**West Option:** Hall D, Kanata Recreation Complex (Monday)

To volunteer please contact Joanne Small-Greenall at jsmallgreenall@gmail.com 613-231-2725

### Artswell

![artswell@magma.ca](613-256-6912)

Artswell is a new, non-profit organization in Ottawa. We invite autistic children to share in our courses that consist of intervention with art program and an artist who has been specially trained in this disability. We will run workshops on weekends. The cost will vary with the program (approx. $25.00 per child). Please check out our website [www.artswell.ca](http://www.artswell.ca). We are also willing to design a customized programme for those who require one. Please call 613-256-6912 or email: satack@sympatico.ca

### Barrhaven Music Academy

![www.barrhavenmusicacademy.com](613-256-6912)

Kendra at is a super dynamic piano teacher. She is flexible with her lessons, using the child's natural interests sometimes even changing a lesson on the fly. Recommended by a parent on our list (DB)

### DRAMA WEAVERS: Drama for children with Autism Spectrum Disorder and other special needs

Dramatic play is a great way to develop language skills and learn new ways to express ideas. In Drama Weavers, we give specialized support for children with Autism Spectrum Disorder and other unique learning needs so that they, too, can have enriching artistic experiences. The classes explore creativity and storytelling skills, while balancing individual expression and collaboration. Course structure and learning tools are specifically designed to enhance the experience of children with ASD, and class sizes are very small in order to be responsive to the needs of the children.

We've got a great team of instructors who combine professional theatre skills and years of experience working with children and adults with diverse special needs. The result is classes that are inventive, inspiring and fun for everyone.

Drama Weavers, for ages 5 -7 and 8 – 12. [http://www.ottawachildrenstheatre.net/special-needs](http://www.ottawachildrenstheatre.net/special-needs)

### Landon Coleman, Music Therapist

I am a music therapist here in Ottawa. I will be opening a small clinic in Westboro for children with ASD and I wanted to let you folks know about it. My website is [www.counterpointmusictherapy.com](http://www.counterpointmusictherapy.com)

### Elizabeth Francoeur, BCBA, MTA, MT-BC, MM, Msc

![www.musiconmymind.ca](613 424-2070)

I already am working as a Music Therapist, running my private practice in the region, with individuals and families living with an ASD, of varied ages. I have presented on Music Therapy and Autism for Autism Ontario over the past 2 years, in Ottawa, Cornwall, Toronto, Kingston and North Bay. Please let me know if you want to discuss further or if you would like more information about me and/or Music Therapy with individuals with ASD.

### Lotus Centre for Special Music Education

![http://www.lotuscentre.net/index.php](613-801-0031)

Lotus Centre for Special Music Education offers adapted music education programs for students with special needs in a fun, relaxed environment. Our highly trained teachers develop an individual music education curriculum for each student based on their learning profile and needs, with support and guidance from Dr. Erin Parkes, who has published and presented internationally on music education for students with autism. Our rates are comparable with lessons for typically-developing students in order to make adapted music learning more accessible. Located at Beaverbrook Centre in Kanata.

Contact: info@lotuscentre.net or 613 801-0031

Programs Available:

- Group and private music lessons
- PD day, March Break and summer camps (2:1 ratio)
- Adult day program
Lotus Centre for Special Music Education is excited to partner with ABC Pediatric Therapies and offer adapted music lessons from their beautiful clinic in Orleans starting this spring! We will be starting our expanded east end programming with piano, voice and general music lessons starting on Tuesdays in April and Sundays in May. Lessons are available in English and French. Please visit our website www.lotuscentre.net for information on all our programs, including programs at our Kanata centre. Email info@lotuscentre.net or call 613 801-0031 to register.

22.2 *Therapeutic Horseback Riding*

**Happy Trails**

<table>
<thead>
<tr>
<th>Art Mackie</th>
<th>613-822-1482</th>
</tr>
</thead>
</table>

**Mission Statement:**

To provide a unique facility with personalized programming for individuals, groups and families of Eastern Ontario who require special care and attention, while experiencing the full benefits of nature and animals offered in a safe farm environment.

**These benefits include:**

- Improvement in muscle tone – flexibility, strength and posture
- Balance and coordination
- Increase in self-esteem and self-confidence
- Increase in motivation and concentration

The focus will remain on offering a flexible approach that will ensure a pleasant experience for all participants.

**Services include:**

- Assessment visit that will take place at Happy Trails
- Following assessment, we will provide a personalized program tailored to meet each participant’s needs, abilities, adaptability and availability.
- Services will be extended to children and adults with physical, developmental and psychological disabilities. The family members of the participants are welcome to take an active role in the program or they can choose to take advantage of the respite Cabin. (cabin available on premises)
- Group activities
- Half or full day sessions available

Please feel free to contact us with any specific requests.

recreation@happy-trails.ca   www.happy-trails.ca/recreation

**Horses of The Sun Therapeutic Riding (HOTS)**

Recommended by a listmate. It is located in Vars. Please contact: Sonja Koch at Horses of the Sun, telephone(613) 835-9523

hots@295.ca or visit their website:  http://www.horses-of-the-sun.ca/

**Tranquil Acres**

<table>
<thead>
<tr>
<th><a href="http://www.tranquilacres.ca">www.tranquilacres.ca</a></th>
<th>613-489-5294</th>
</tr>
</thead>
</table>

**Taken from their website:** Is a centre for people with varying social, emotional and mental health needs who want to experience the transformative powers of horses as teachers and healers. Our dedicated staff has a wide range of expertise and is committed to helping each of our clients reach their fullest potential. We are open year round and located just outside of the Ottawa city centre.

22.3 *Swimming*

**Making Waves Ottawa**

<table>
<thead>
<tr>
<th><a href="mailto:info@makingwavesottawa.org">info@makingwavesottawa.org</a></th>
<th>613-523-1540</th>
</tr>
</thead>
</table>

I took this from their website. Please check it out for registration—it is at the Jack Purcell Pool (DB). Making Waves Ottawa is a not-for-profit student initiative founded as a registered chapter of Making Waves Canada in 2009. Our mission is to provide affordable and accessible one-on-one swimming instruction to children with special needs. For more information about our parent organization, as well as about the history of the Making Waves movement, please visit www.makingwavescanada.org.

**Ottawa Athletic Club**

<table>
<thead>
<tr>
<th><a href="http://ottawaathleticclub.com/">http://ottawaathleticclub.com/</a></th>
<th>(613) 523-1540</th>
</tr>
</thead>
</table>

If you call them you may be able to set up 1-1 swim lessons. Some parents have done this and have been pleased (CT). You don’t have to be a member of the club to set up the swim lessons.

22.4 *Sports*

**Ausome Ottawa**

<table>
<thead>
<tr>
<th><a href="http://www.ausomeottawa.com">http://www.ausomeottawa.com</a></th>
<th>V3.1</th>
</tr>
</thead>
</table>
New research suggests that individuals with autism are more likely to become overweight and/or obese than their peers because of a sedentary lifestyle and a lack of physical or intellectual abilities that can function in ratios of 1 to 5. The sessions will begin in June, on Friday nights, for $50 total in the Cumberland area.

East Nepean Baseball Association
Challengers is for 5–18 year olds of all abilities who have a physical and/or mental disability who want to have fun in an encouraging, friendly team environment. Challengers usually play Saturday mornings starting the beginning of May. Contact Steve Suttie, Challenger Director, 613-825-8773 or email him at: challenger@eastnepeanbaseball.on.ca Note: ball players do not need to live in Nepean to access this activity.
http://eastnepeanbaseball.on.ca/divisions/challenger

New “Just for Kicks” Soccer Program for Kids with Special Needs
The Nepean City Soccer Club is excited to announce a new program for kids with Special Needs! Everyone is welcome! Children with developmental disabilities from ages 5 to 12 will get active and have fun while learning soccer-related skills. Volunteers will tailor activities to suit the intellectual and physical abilities of each child. No athletic experience required. Watch from the sidelines while your child makes friends and participates in a lively summer pastime. Registration fee includes a full uniform. Parents supply shin guards and a soccer ball.

The cost of the program is $30. To register, please use our convenient online registration system:
http://www.sportssignup.com/nepeansoccer.start . If you have questions regarding this new program, please do not hesitate to contact Shannon Bagg at shannonbagg@gmail.com

Spring Action Trampoline Recreational Sessions www.springaction.ca 613-761-9620

Yoga for Aspergers teen/preteen www.asdyoga.ca 613-749-1199
"Yes you can learn Yoga"
Andrea Mailhot graduated from her Yoga Teacher Training in May 2007. Since then she has been providing yoga classes to adults, teens, kids and babies. In August 2010 she graduated from Algonquin’s Autism and Behavioural Science program. She has been teaching yoga to teens on the spectrum for 2 years now. Success stories vary from teens sleeping better at night, students gaining more flexibility and self-confidence, to teens utilizing the various techniques to reduce anxiety and depression. I also teach yoga to ASD teens/adults and thier parents, not just Asperger's.

22.5 Personal Training

Valeria Fazio
vfazio18@gmail.com
Do you know someone living with autism that could benefit from a more physically active lifestyle? Do you feel lost when trying to find the support needed to enhance this potential?

Certified personal trainer Valeria Fazio, CPT, with the assistance of Board Certified Behavior Analyst Gregory Paquiot, MS, BCBA, CPT (refer to section Behavioural Consultants), is now offering one-on-one personal training and meal planning for kids diagnosed with autism and other related disabilities. This unique program is one of the few personal training programs in Ontario that offers health and fitness with a focus on Applied Behavior Analysis (ABA).

Young people with autism often have deficits in gross motor skills. This includes strength, stability, as well as movement planning. New research suggests that individuals with autism, are more likely to become overweight and/or obese than their peers because of a sedentary lifestyle and a lack of access to regular fitness programs. They are therefore at a higher risk of developing a heart disease. A proactive approach to fitness as a part of life can not only close some of these movement gaps, but enhance a variety of skills including:
- Physical abilities such as strength, stability, coordination, motor planning and strength-endurance are developed
- Social skills are encouraged and practiced when activities are performed appropriately with peers
- Self-esteem and confidence is developed through consistent positive reinforcement and the mastery of skills
- Independence is illustrated when the individual uses physical skills to perform daily life tasks on his/her own)
Increased cognitive function is made possible through the enhancement of certain areas of the brain as a result of regular physical activity.

This program is for individuals with ASD. However, participants must demonstrate sufficient communication and self-help skills to participate. The program is not appropriate for individuals with significant behavioral and sensory challenges.

Initial consultations and assessments will be conducted by Gregory Paquiot, MS, BCBA, CPT in order to determine if the child is a right fit for the fitness programs.

For more information please contact Valeria Fazio at vfazio18@gmail.com

### 22.6 Multi-Activities and Other Offerings

**Please note**: I used to list the programs for the City of Ottawa but happily there are too many! Please go to the “special needs” section of the recreation guide (address above) and see if there is a program suitable for your family and child. (DB)

### City of Ottawa Health Promotion After School Shared Care - Pilot Program

Providing on site support using the Shared Care model, in After School Programs, while promoting fitness, health and wellness to children and youth with special needs.

The City of Ottawa, with funding from the Ontario Ministry of Health Promotion – is offering a Shared Care pilot program to Children and Youth with Special Needs. The After School Program will be offered at 10 sites across the city working within a 1:3 ratio. This pilot is an enhancement of the existing after school program and will promote physical fitness, healthy eating and nutrition and personal health education.

How much does it cost?: $ 10.00 per day (Fee assistance is available, providing you qualify.)

**Time Program is offered**: After School for 3 hours

How do I register? **Contact**: Supervisor Daniella Hamer at 613-580-2424 ext 12786 or cell at 613-222-6594.

**Alternative Contact**: Portfolio Coordinator Diane Cyr at 613-580-2424 ext 29300 or cell at 613-447-3441

**Produced by Parks & Recreation** [www.ottawa.ca/recreation](http://www.ottawa.ca/recreation)

Friends for Fun Bowling Night
Mondays 7:00 - 8:00 p.m.
Merivale Bowling Centre $5.00
Contact : Anita Acheson: a.acheson@sympatico.ca

GACSN Saturday Program
The GACSN Saturday Program is dedicated to providing Special Needs Children and Youth (ages 7 to 25, divided into two age groups) with a fun afternoon of swimming, arts & crafts, and meeting friends. The group also goes on various outings throughout the year (movies, bowling, museums).

Our mission is to provide participants with a safe, healthy and socially enriching environment. September to June
Every Saturday afternoon, 1 pm – 4.

Location: Hall D at the Bob MacQuarrie Recreation Complex in Orleans, 1490 Youville Dr.
Price: $600.00/year in 1, 2 or 4 equal payments

For assessments, please contact info@gacsn.org.

A Gym Tale V1.0 613-825-9165
Recommended by a listmate. This is a developmental play program with emphasis on coordination, movement, music and imagination. Geared towards the pre-school set—please check out their website for additional information: www.agymtale.com.

Main Street Community Services http://www.mainstreetcommunityservices.com/ 613-831-6606
We are a registered not for profit community agency working in partnership with other established community organizations to provide comprehensive social and health services. We are committed to the vision of empowering children, youth, individuals and families to achieve whole health, social well being and community collectiveness. More specifically we offer a variety of programs to children and their families especially those with an exceptionality including ADD/ADHD, Aspergers Syndrome, Autism, Downs Syndrome, PDD etc.

Summer & March Break Camps
At Main Street Community Services, we run two camps throughout the year. First is our larger Discovered Treasures Day Camp which runs for 6 weeks in the summer and serves over 200 children each year. Our Discovered Treasures Summer Camp offers children a chance to enjoy a number of sports; recreation and leisure activities; Martial Arts; arts and crafts; as well as relaxation training to help the children improve skills in related areas such as mental imagery, focus and shifting focus. All elements of the program are inclusive of the cost of registration and are made available to every child over the course of the summer. Second is our March Break Camp, which has limited enrollment. This camp offers the same opportunities as the Discovered Treasures Summer Camp, including sports and recreation, leisure activities, Martial Arts, and relaxation training to help improve social skills. Registration for March Break Camp begins in January of the new year.

Ontario Early Years Centre
For families with children aged 0-6 who have a language, motor and/or social delay in their development. Enjoy a small group environment that offers free play, structured activities, circle and craft time. Staffed by an Early Childhood Educator, supported by OCTC.
For a listing of other Early Years Centres, please visit this website: http://www.communityresourcecentre.ca/documents/RegularProgramScheduleCalendar_004.pdf

Ottawa Therapy Dogs V2.0 http://www.ottawatherapydogs.ca/ 613-261-6834
Ottawa Therapy Dogs is a volunteer-based, not-for-profit organization that provides animal-assisted therapy throughout the National Capital Region. Each year, more than 1,000 people benefit from our therapy dog programs and services.

Prisms Options Programs http://prismsoptions.wix.com/special-needs
Learn to move while simultaneously drumming over large fitness balls through music. Program specifically adapted to suit participants with special needs. No equipment necessary.
Six Spring sessions $60.00 (register via interac-e-transfer payment @ prismsoptionsprograms@gmail.com)
Location: 2 Beaverbrook Road, Kanata 2:30 - 3:30 p.m.
Please note: Participants requiring any form of assistance must attend with one on one support of a parent, or sibling or hired help.

Sonshine Cove Len Goddard/Cathy Goddard 613-834-8187
Sonshine Cove is a year round camp located 100 km. north of Orleans. They provide camping experiences to children in Foster Care as well as children with a variety of special needs.
If you are interested, or would like more information, please call:
Len Goddard - Executive Director 834-8187 ext 22 or Cathy Goddard - Program Director 834-8187 ext 28 or visit their website at www.sonshinefamilies.ca click on Sonshine Cove.

**Child and Youth Health Network of Eastern Ontario**  
[www.child-youth-health.net](http://www.child-youth-health.net)

Click on Respite Care and follow the link through Parks and Recreation Day Camps. The following description is taken right from the website:

The CHILD and YOUTH HEALTH NETWORK for EASTERN ONTARIO, facilitated through CHEO, began in the spring of 1997 with a focus on modelling integrated services for children and youth in Eastern Ontario. Over a dozen working groups bring parents and representatives from health, social services, education and recreation together on specific projects aimed at making a difference and improving services. The Steering Committee of 32 members represents a range of disciplines and geographic communities and provides strategic directions and critical information sharing. The NETWORK has proven itself to be a mechanism through which opportunities for better service delivery and integration can be both identified and created.

**eMental Health**  
[www.ementalhealth.ca](http://www.ementalhealth.ca)

eMental Health is a compendium of resources and information on mental health issues. Go to their home page and type in “autism” under the “Search by keywords”.

**Lanark Autism Support Group**  
[www.lanarkautismsupport.com](http://www.lanarkautismsupport.com)

Meets the first Monday of every month from 7:30pm-9pm at the Lanark Community Programs in Carleton Place, 30 Bennett St)  
For more information please visit our website at [www.lanarkautismsupport.com](http://www.lanarkautismsupport.com)

**Networking and Advocacy Group—United Families of Eastern Ontario (UFEO)**
United Families of Eastern Ontario (UFEO) is a coalition of family networks and individuals committed to improving the lives of children and adults with Developmental Disabilities (including Autism Spectrum Disorders). Activities include:

- Facilitating the sharing of information between families and groups in the developmental disability community.
- Participating and partnering in the planning of services and supports for individuals with developmental disabilities
- Acting as an advocate on issues affecting families and individuals dealing with a developmental disability
- Raising awareness within the general public on issues of concern to the developmental disability community

There are currently 22 family-focused groups and 168 family and individual members. UFEO is representing families on several Ministry of Community and Social Services committees including the Systems Planning Table and Dual Diagnosis Advisory Group.

To become a member of UFEO (no fee), select “Join Now” from the menu at www.ufeo.ca. Members receive invitations to information sessions and regular “alerts” on funding issues, Ministry requests for feedback, community workshops and other services/supports in the community.

Heather Fawcett is representing families of Autism Ontario—Ottawa and is the Acting Chair of the Steering Committee of UFEO. For more information contact info@ufeo.ca.

La Société franco-ontarienne de l’autisme holds support groups. Their contact information is available on their website: www.autismefranco.ca.

24.2 Support for Caregivers and Family Members

Asperger’s Syndrome Parent Support Group

You are not alone! Share ideas, information and resources with other parents who have children with AS and related disorders. A confirmed diagnosis is not required. Interested professionals and adults with Asperger Syndrome are also welcome to attend. Please contact me at isabelle.macnider@gmail.com with speaker requests. The meeting is free and open to everyone. It is a safe non-judgmental space to share your successes and concerns with peers.

Jewish Youth Library, non-sectarian services

Friendship Circle

Friendship Circle is a non-sectarian program that presents families of children with special needs and teenage and university volunteers the opportunity to form real friendships within a non-judgmental and supportive environment. Through weekly home visits, children with special needs experience the joy of friendship and their parents get a respite assured by the knowledge that their child is enjoying fun, meaningful activities with a good friend. Please visit our website at www.jewishyouthlibrary.com or email office.jewishyouthlibrary@gmail.com.

Sibshops of Ottawa

Sibshops is a non-sectarian program with fun, recreational workshops for siblings of children with special needs between the ages of 7 - 13 years old. Sibshops reflect a belief that brothers and sisters have much to offer one another - if they are given a chance. The workshops are a spirited mix of new games (designed to be unique, off-beat, and appealing to a wide ability range), new friends, and discussion activities. Please visit our website at www.sibshopsofottawa.com or email us at sibshopsofottawa@gmail.com.

OPAC Ottawa Parents of Apraxic Children

Has your child been diagnosed with childhood apraxia of speech? Are you feeling overwhelmed with what to do, what to expect? Come and join our parent support group. We meet for regular face to face meetings in Ottawa and use online tools to share and support each other. It can be comforting and empowering to know that you are not alone and that you can both give and receive help.

OPAC Goals:
- to meet for face-to-face meetings on a regular basis
- to provide support, sharing and networking opportunities amongst parents of children with CAS
- to raise awareness of apraxia in our communities and school systems

OPAC Activities include:
- sharing feelings and experiences
- exchange of information both in person and online via shared group website
- sharing information resources about CAS
- discussions on specific topics (i.e. therapies, school transitions, social skills etc.)
- building a resource list and virtual library of CAS resources
- resource lending amongst members
- family activities

For more information, email: Ottawa.apraxia@gmail.com
Ottawa Children's Coordinated Access and Referral to Services

Special Needs Committee

Coordinated Access is a case resolution mechanism designed to provide recommendations and referrals for families, children and youth who have complex needs and are experiencing difficulties gaining access to support and services in the community. The role of Coordinated Access is to offer assistance in the form of recommendations (not direct services) in an attempt to resolve difficult situations. Case resolution is offered through the Coordinated Access committees comprised of various professionals whose agencies provide services in the Ottawa region. Coordinated Access has a Francophone and Anglophone committee to provide assistance to clients in their language of choice.

Who refers people to Coordinated Access?

Community agencies and other professionals make referrals to Coordinated Access. Their role is to assist families with the preparation needed to put together a presentation before a Coordinated Access committee. The submitting agency will gather all the documentation needed and help families fill out the Coordinated Access application form. They will also prepare the presentation to the committee. However, it is strongly recommended that parents/guardians remain actively involved in the application process and participate in the presentation. The submitting agency is also responsible to forward the recommendations of the committee to the family and assist them with their implementation.

Who is eligible to be presented to the Coordinated Access committee?

Coordinated Access is designed to assist children with a developmental delay who have complex needs and their families. These children and/or families must be able to demonstrate that they have attempted to use various community services, but have been unsuccessful in their attempts to resolve their current difficulties. In other words, Coordinated Access is designed to assist only those people whose needs have not been met by existing community services.

For more information, contact:
Cathy Lonergan, Case Coordinator

Parents Lifeline of Eastern Ontario (PLEO)

A support group for parents of children with mental illness—not for autism specifically but for mental health issues which are sometimes a secondary diagnosis for our children. Please visit the website: www.pleo.on.ca for schedule of meetings. Meetings are held at CHEO.
There's also an OCD (Obsessive Compulsive Disorder) one which holds meetings sporadically.
Parents of Children with OCD: Janet van den Heuvel 220-1507 Janet.Vandenheuvel@ottawa.ca

Parents Supporting Adults on the Spectrum

This is just a quick message to let everyone know about a new group in Ottawa, PSAS - Parents Supporting Adults on the Spectrum. The purpose of PSAS is to create a central hub for parents and professionals who are supporting adults on the spectrum by providing support, disseminating information, fostering connections, and advocating for change!

If you are supporting an adult on the spectrum, please check out our website for more information about our group - www.psasottawa.com. Information is already posted there about upcoming events: an information session about post secondary education, and another about ABA, as well as our next parent support meeting!
If you are interested in receiving updates from PSAS, you can join through the website.
You can also get in touch with PSAS by emailing: psas.ottawa@gmail.com.

SSAH Provincial Coalition's Website

We have now placed a “Bill of Rights for Families who use SSAH” (Special Services at Home—individualized funding for people and families with children who have disabilities).

Dr. Sanford Siegel

Dr. Sanford Siegel is a therapist and counselor now in private practice in Ottawa, who combines a professional and personal background and expertise wholly relevant to providing this kind of emotional support and guidance to men and women parenting children with special needs. Email: drssiegel@rogers.com

Walking in My Shoes

ARE YOU THE PARENT/GUARDIAN OF A CHILD WITH A DEVELOPMENTAL DELAY? HAS YOUR CHILD BEEN DIAGNOSED WITH A DEVELOPMENTAL / PHYSICAL DISABILITY? WOULD YOU LIKE TO MEET OTHER PARENTS OF CHILDREN WITH SPECIAL NEEDS?

Walking in My Shoes (WIMS) is a monthly meeting for parents of children with special needs to meet, greet, and share experiences.
Meetings are held in the west and east. The west meeting is held the 2nd Tuesday of the month at Bridlewood Trails Retirement Community, 480 Brigitta Street, Kanata, ON and the east meeting is held the 3rd Tuesday of each month at 700 Industrial Ave, Suite 600. Both meetings are from 7:00-9:00pm.

During these meetings parents will have the opportunity to connect with other parents who are experiencing similar feelings and concerns related to their child’s special needs. You will have the opportunity to meet, share information and learn about resources and processes from each other and guest speakers. Please visit the WIMS website for the meeting schedule and topics wimsparents.ca.

Everyone is welcome.

For more information please email wims@citizenadvocacy.org or call Rachel Levine-Katz or Sari Musta-White at 613-761-9522.

24.3 **Support for Youth and Adults with Autism**

### ABA Connections Ottawa

For description and contact information, refer to the section **Behavioural Consultants.**

### B Mindful Psychotherapy and Coaching Centre [www.bmindful.ca](http://www.bmindful.ca) | 613-702-4632 x101

Contact: Sonia Tanguay. Offers bilingual psychotherapy and group therapy to young adults with Autism Spectrum Disorder. My areas of expertise include ASD, ADHD, anxiety, depression, emotional regulation, and social skills training. B Mindful Psychotherapy and Coaching Centre also offers mindfulness-based workshops and coaching. My private practice is located at 1073 Wellington St W, Ottawa, On, K1Y 2Y2 and it is conveniently accessible by public transportation.

### Richard Harman:

Group for depressed, anxious, withdrawn teens. In-depth focus on issues such as dependency, fear, guilt, uncertainty, relationships with others. Groups not specific to ASD. 103-99 Holland Avenue

### Families Matter Co-operative Inc. [www.familiesmattercoop.ca](http://www.familiesmattercoop.ca) | 613-733-0122

This is a member-driven, not-for-profit organization dedicated to meeting the needs of developmentally disabled individuals, their families and friends. Founded, managed and supported by people whose own lives have been directly touched by developmental disabilities, Families Matter Co-op brings information and families together to improve their quality of life. Families Matter Co-op offers a single independent source for comprehensive access to information about resources and services for people with developmental disabilities. It is available online. Families Matter Co-op coordinates member-driven support networks to connect people with developmental disabilities as well as their families and friends.

Families Matter Co-op is committed to raising awareness of the challenges facing people with developmental disabilities, their friends and families and to addressing those challenges through member-driven initiatives.

Telephone: Marge 613-733-0112 email: familieismattercoop@sympatico.ca

### Learning Disabilities Association of Ottawa Carleton

Transitions  An after school program for youth in grades **seven to nine** who have various learning disabilities. Give your child the tools to become their own advocate! The third Transitions group is starting this February and what better time to start preparing your child for the intricacies of high school, or perhaps they are already in grade nine and having a difficult time adjusting.

Transitions is based on the following topics:
- Communication skills
- Problem solving and critical thinking
- Time management skills – patterning
- Organizational skills
- Self advocacy skills
- Taking responsibility
- Stress management and knowing your support network (concept of guidance counselors)

This is a ten week program starting in February - don't miss out! Facilitator: Laura Burgess

Location: 180 Percy Street, the McNabb Community Centre

### Ottawa Resolution Service for Adults with a Development Disability

This is a relatively new service for an adult with a development disability who:

is at serious and imminent risk of harm to him/herself or others, and
is unable to access services; or
is at risk of family breakdown, if supports and services are not provided; or
is at risk of receiving a more intrusive response in the absence of supports; or
requires support that is beyond the current capacity of an individual agency and/or the service system. (Source: Because you asked ...
Questions and Answers about the Ottawa Resolution Service, a publication of Citizen Advocacy, also available in French.)
This is not a crisis service; it is, rather, a community based problem-solving service where all options appear to have been tried and exhausted.
The Resolution Service operates through Citizen Advocacy on Parkdale, 613-761-9522.

Youth Net/Réseau Ado (YN/RA) Ottawa www.youthnet.on.ca
We are a bilingual organization that works from a youth engagement philosophy. Youth Net/Réseau Ado offers alternative support services for youth. We are a for-youth by-youth organization that strives to promote a balanced mental health while decreasing the stigma surrounding mental illness and its treatment options. Our programs and services focus on prevention, intervention, education, research and advocacy. So what does for youth by youth mean? Youth have told us that they find it easier to talk to each other than to talk to adults about Mental Health. This is why we have designed our program from this perspective! This means that all of our programming is run by facilitators who are themselves youthful! Our facilitators are all between the ages of 20 and 30 and are eager to make connections with all of our participants.
25 Life and Social Skills

ABA Connections Ottawa
For description and contact information, refer to the section Behavioural Consultants.

Children and Youth Social Skills/Life Skills/Siblings Groups
CAR also runs social skills groups for children 5 years and up with Autism Spectrum Disorders in general (including AS), life skills groups for pre-teens and teens, and siblings groups for children 7-12 years. Your family must be a member of Children at Risk for your child to participate in any CAR program. Contact CAR at 613-741-8255 or visit their website at www.childrenatrisk.ca.

Children at Risk Friendship and Life Skills groups
For description and contact information refer to section Agencies, Non-Profit Organizations and Charitable Organizations.

Children at Risk
Typical Teens: Social Skills Groups for Teens with Asperger’s Syndrome (and related diagnoses)
We are looking to hold a Typical Teens Group for the 2018 Spring Session – a west-end Based Group that will either be a Younger Group, Grades 7-9, ages 13-16 or an Older Group, ages 16-18 – depending on demand. Teens who have previously attended are welcome! It will be either a Tuesday or Thursday evening, 7-9 PM, running for 8 weeks – starting early April. The cost is $350 + $40+ Membership (Prorated currently to the next January 1 date)

The Typical Teens social groups have been running since 2003 and focus on experiential learning of social skills in a fun and sociable teen environment. The groups provide community-based social skills training for teens with Asperger’s and related diagnoses (HFA, PDD, NVLD). The strength of the TT model is the inclusion of trained peer mentors, supported by the arms-length facilitation of the adult group leaders, creating an authentic “real world” teen social situation that includes full support for the learning of new skills and the generalization and consolidation of previously acquired social knowledge.

Starting Fall 2018, we are now looking to offer only 1 Group per term, run by Speech Language Pathologist Kim Lee and Educational Assistant Amanda Dzuba. They will alternate between an East and West end location, depending on demand, and will be either a Younger Group Grades 7-9 or an Older Group Grades 9-12+ Each group will run for 8 weekly sessions, Fall, Winter and Spring. Please express your interest by emailing car@childrenatrisk.ca and include your child’s name, age and grade in school. You can also call (613-741-8255) the Children at Risk office.

For application forms for teens who are interested in volunteering as peer mentors, please also send an email to car@childrenatrisk.ca

Citizen Advocacy
613-761-9522 x 249
A fee-for-service program, this innovative program helps people articulate their hopes and dreams as they move into adulthood and take steps to achieve greater independence. Planning for the future can be very scary and sometimes confusing. We have a team of skilled Facilitators who have been specifically trained to focus on people’s abilities and potential. They draw from a variety of facilitation tools and are able to offer an unbiased perspective. Some of our Facilitators have worked within the developmental services sector, some are parents of a child with a disability and some have moved into retirement and want to continue contributing to the well-being of others. Our Facilitators have now concluded their Practicum training where they had the opportunity to apply and sharpen their skills. They are now eager to help more people move ahead and make navigating through the fear and the confusion both positive and productive. If you are interested in learning more about Independent Facilitation and Planning or would like to meet with a Facilitator, please contact Christine Martinelli at 613 761 9522 ext 249.

Common Table
http://www.commontable.ca
Common Table is a monthly opportunity for youth with ASD to interact with empathetic peers in a safe, welcoming and fun environment. One Friday evening each month, Common Table hosts a shared meal, coordinates social games to encourage peer interaction, and organizes various activities and games mindful of each person’s unique abilities and comfort level.

Prisms Options Programs
Our Mission
To provide teens and adults with special needs and especially those with developmental disabilities and autism, life enhancing experiences.
Our Vision
Established since 2011, Prisms Options Programs’ vision is to see persons with special needs enjoy recreational, social, educational and exercise programs adapted to suit their skills and ability levels.

For information on all of Prisms Options Programs please visit:
PRISMS OPTIONS PROGRAMS
http://prismsoptions.wixsite.com/special-needs

Social Skills Group for Adults
For adults with Asperger Syndrome to develop social skills. Call Y’s Owl Maclure at 613-721-1500 for information. See www.ysowlmaclure.org for info on employment support and other services.

Social Skills for teens with Asperger’s Syndrome
I am offering a social skills/friendship group for teens with Asperger's Syndrome in Kanata. I have worked running similar groups for 20 years. This group focuses on developing friendships through interactive, language based games as well as necessary social skills. The group will run alternate weeks at the Community Resource Center in Kanata on Tuesdays in the late afternoon or early evening.
For further information please contact Kimberley Reimer at westendfriendshipgroup@gmail.com or at (613) 256 9752.

theSpace
theSpace is a new and exciting community gathering place for individuals with autism and intellectual disabilities with a focus on apprenticing for creative self-employment. Please visit the website for additional information: https://www.thespaceottawa.ca/

The Social Learning Centre,
a tutoring service, is branching out to include social skills activities. Trisha Kassotis 613-852-7297 or socialelearningcentre@rogers.com

Social Network for Youth
This is a social skills building program for individuals with developmental delays. We organize weekly gatherings for youth wanting to socialize in a casual environment with the support of facilitators. The group has a mixture of individuals with different developmental delays (Asperger's, autism, brain injuries, Down Syndrome, etc) but all benefit from increased social interactions. The age range is 13-21 (youth group) and over 21 for the graduate club. The organization is bilingual. The activities are once a week and vary depending on member requests. They are usually from 6:30-8:30pm and Tuesdays for the youth group. Activities include crafts, bowling, Midway, movies, dinner, BBQ, Ottawa 67's games or whatever the members are interested in. Activities are located across Ottawa and locations are easily accessible by bus. The cost is $50 for a yearly membership but interested individuals are welcome to attend a few outings to see if they would be interested in joining. The ratio is about 3 facilitators for 10-30 members so individuals must be fairly independent (some members attend with D.S.W staff). An informal assessment is done through observation of
individual’s interaction with other members. You can contact Aroha DeForest or Melanie Martin at 237-0113 (snforyouth@hotmail.com) for more information and a recorded message about the next scheduled activity.

**Stronger You Martial Arts and Fitness — Jinzai!**
Karate for children with high functioning ASDs. Ages 7 and up. Social skills and personal awareness using circle discussion and role playing. Games to emphasize gross motor skills turn taking and build confidence. Also run summer camps for higher functioning children with ASDs.

**Y’s Owl Maclure Co-operative Centre – Life Skills Training Program**
Fees: $45 a full day $30 a half day The Y’s Owl Maclure “Life Skills Training Centre” offers a wide range of transitional support services for youth and adults with Autism and Developmental Disabilities. In 2013 Y’s Owl Maclure launched this innovative employment and independent living program as a response to the increasing needs of young adults with Autism and Developmental Disabilities transitioning from secondary school settings into adulthood.

All of our services for youth and adults are guided by a Person Directed Planning approach that utilizes individual strengths, abilities, interest and personal goals. Person-directed planning helps an individual to find the tools they need to live their dreams and meet their goals. This training program for individuals with Autism Spectrum Disorder and Developmental Disabilities will provide participants with a blended training experience in the Owl Café, Sweet Memories Baskets and Favours, etc., combined with classroom instruction. When students are ready for the next step, they may receive support in acquiring and maintaining employment, post secondary education and/or independent living.

**Age:** 18 – 28  
**Diagnosis:** Asperger Syndrome, Autism, and Developmental Disabilities  
**Time:** 9:00 - 3:30 pm  
**Location:** Y’s Owl Maclure Co-operative Centre, Suite 100, 1140 Morrison Drive, Ottawa.
Transportation to and from the centre is the responsibility of the individual/family.

For more information about this program or to register contact Heather Ungar @ (613) 721-1500 or heatheru@ysowlmaclure.org
26 Day Programs, Employment Skills & Supported Employment

**Autism Works Ottawa**

Autism Works Ottawa is a division of Y’s Owl Maclure.

Autism Works Ottawa is a fee for service program that provides assistance to individuals with Autism Spectrum Disorder, age 14 years of age and up with navigating post secondary school, gaining work experience or are seeking employment. It is the first-of-its-kind customized employment program for teens, youth and adults with ASD. The program consists of two streams: Building Skills for Life (Stream A) and First Steps to Employment (Stream B). Autism Services Ottawa challenges traditional employment methods and builds on existing supported employment strategies, which focus on building skills for life and competitive employment.

For more information please contact Suzanne Ford, Director of Services at 613-721-1500 ext.219 or suzanne@ysowlmaclure.org or visit our website at [www.autismservicesottawa.ca](http://www.autismservicesottawa.ca). You can also find us on Facebook!

New (2016): Autism Services Ottawa is pleased to announce their new location in Carleton Place, 135 Bridge St. 613-492-9000. The Owl Café-Meeting Place will provide employment opportunities, training, services and support to Lanark County. Contact us for more information.

**Causeway Work Centre**

Causeway Work Centre is a community economic development organization that empowers and supports people in overcoming disabilities and other challenges to help them find rewarding work and live more independently.

**Family Matters Co-operative**

They are a grassroots group interested in pulling together families to work on issues such as housing, education, transportation, day programs, and community activities for adults with disabilities.

**H’Art**

H’Art is a place of business where artwork is created for sale to the public. It is also a place of learning. It is specifically designed for teens and adults with developmental disabilities and addresses a critical need and growing demand in our community to provide appropriate, challenging and rewarding opportunities which improve literacy, creativity, social and life skills in a business-like setting. Their website is [www.hartofottawa.ca](http://www.hartofottawa.ca).

**Krackers Katering**

Baking Division, on the job training. The Causeway Work Centre, 22 O’Meara Street.

Enabling young people with developmental disabilities to live as included and contributing members of the community.

**Ontario March of Dimes**
www.marchofdimes.ca/EN/programs/employment/Pages/default.aspx

**Employment Services for Clients**
Do you have a disability and are looking for work? Every year, March of Dimes Employment Services helps hundreds of people with disabilities achieve greater independence by providing job training and finding them employment.

**Why March of Dimes?**
Proven success
80% of people we served last year found employment.
Personal attention
March of Dimes Employment Services offers dedicated Employment Specialists who help you set and reach your goals. We don't just find you the right job - we provide you with the job training, computer training and education needed to succeed.

**Preparation**
Job experience is tough to acquire when it seems like nobody will hire you. March of Dimes will help prepare you and your resume, teaching you to be a more appealing candidate on paper and in person. We'll help you acquire the job skills and experience you need to enter the labour market, tailoring our services to suit your strengths. Going beyond that, we will even work with employers to provide workplace accommodations for you if they are necessary. Whatever your needs, March of Dimes will help you find the best possible job for you.

**Experience**
For the past 55 years, March of Dimes has been dedicated to helping Canadians with disabilities achieve greater independence. Call: 613-596-3463

**Ottawa-Carleton Association for Persons with Developmental Disabilities**
Executive Director: David Ferguson
Day programs, residential programs and family support programs for people with multiple disabilities.

**SCEL-supported community enhanced learning at the Hintonburg Community Centre**
613-798-8874
SCEL Central offers a post 21 program specifically for young adults with autism. We operate at a ratio of 1:3, and currently can accommodate up to 12 individuals each day, Monday to Friday. Hintonburg's SCEL program has a close partnership with the WAVE (Work and Volunteer Experience) program operating out of Dovercourt, which also matches up many of our participants with volunteer positions, or paid employment. We also have a very close partnership with the Autism Unit at OTSS, as our program was originally created with their graduates in mind. Other activities on our agenda include things such as: cooking, yoga, zumba, swimming, bowling, community outings and music. If this program interests you for a loved one, or an individual you support please contact Hintonburg Community Centre attention SCEL Central Autism Program at or emma.mitchell@ottawa.ca

**Service Coordination**
All services in Ottawa, post high school can be found through this link "service coordination".
http://www.scsottawa.on.ca/SITE/English/Community%20Options.pdf

**Y’s Owl Maclure Co-operative Centre – Life Skills Training Program**
See section *Life and Social Skills* for a full description.

**Carleton Heights Community Centre**
Social Recreation Special Needs
1665 Apeldoorn Avenue, 613-226-2208
This is a social recreation program for adults with developmental disabilities. Participants take part in a variety of social, recreational and educational activities. The objective of this program is to further develop life-skills through social recreation.
Ages: 18-65yrs
Monday to Friday; 9am-3pm
Fee: $26.50 per day
Building social skills
Physical activity
Cooking
Arts
Monthly outings

Participants are to bring their own lunch and snacks and arrange for transportation to and from the program. Prior to registration an interview, must be conducted by contacting the Special Needs Portfolio Coordinator at 613-580-2424 ext. 29300.
This program is intended for individuals who can participate in a full day program without the support of a one-on-one worker. A 5:1 ratio is applied within this program.
Putting together the pieces of social recreation, complete your puzzle and join today!
For more information, please contact Maureen Moynahan, Program Coordinator, 613-226-2208 ext. 222

**WAVE (Work and Volunteer Experience for Adults with Autism)** [www.waveottawa.ca](http://www.waveottawa.ca)

WAVE (Work and Volunteer Experience for Adults with Autism) [www.waveottawa.ca](http://www.waveottawa.ca)

WAVE (Work and Volunteer Experience) is a day program and job coaching service for adults with Autism. Founded by Dovercourt Recreation Centre (DRA) and funded by Unity for Autism the goal of the program is to help apprentices gain skills to be successful in work or volunteer placements. The WAVE program runs in three groups based on ratios (1:3; 1:6; 1:8). Each group focuses on slightly different skills with job and volunteer skills as the focus. Tasks around Dovercourt are undertaken by each group to help build skills. Placement in a group is determined upon an assessment. Attendance can be one day a week or several days of the week depending on need and program availability. Additionally, we offer a job coaching service where an apprentice begins by volunteering at a place of interest with the help of a 1:1 job coach, with hopes they can then go independently. Please visit our website for updated information and pictures.
**29 Group Homes and Residential Programmes**

Residential Resources - many of these groups also offer adult day programs (must be referred through Service Co-ordination)

<tr>
<td>The Passport Mentoring Initiative has been in effect in multiple regions throughout Ontario for the past 7 years and was only introduced to the Ottawa region last September. The goal of Passport Mentoring is to help any student with an intellectual disability aged 14 to 21 and enrolled in High School, explore their interests and help to connect them with a person from the community with a shared interest. This provides students with the chance to explore pursuing their interest as an option after High School in regards to future employment, post secondary education, or volunteer opportunities. It gives them the chance to network and expand their connections within our area. Simply put, we are trying to help connect young people to the community so they can pursue what they love and reach their full potential! <td>The Youth Empowerment &amp; Transition Program assists youth with all/cross disabilities in the Ottawa area in achieving their personal goals of independence. The program is particularly for youth 16 to 25 years old and focuses on empowerment and transition, therefore we offer a variety of activities including skills workshops, healthy eating, physical activities, and social outings. The program also provides support for those individuals who are dealing with transition, for example high school to college/university/work or living with parents/caretakers to living on your own. The skills and encouragement resulting from such a program will ultimately aid young adults to pursue an autonomous lifestyle in concordance with the Independent Living Movement.</td>

# Financial Support and Housing

**Assistance for Children with Severe Disabilities (ACSD).**
It comes from the same ministry as SSAH. I've included the ministry's website, as well as two descriptions, they have different examples of what it can be used for.

Ministry Website (poor description, but official site):  
http://www.children.gov.on.ca/htdocs/English/topics/specialneeds/disabilities/index.aspx

A very well done description by Respite Services (Waterloo):  

Another good description from Peel region:  

**Easter Seal Society**  
Grant for incontinence supplies for children and youth.

**Habitat for Humanity-NCR**
We aim to build simple, decent, affordable homes for low income working families. We look to help provide long term solutions through our home ownership program by giving low income families a chance to own their own home by offering an interest-free mortgage and no down payment. There is an application process for interested families, and once someone has been selected, they partner with Habitat and volunteer their time to build their home with the help of the community. Contact: Kimberlie Montagner, Community & Family Relations Coordinator phone: (613) 749-9950 ext. 225; fax (613) 749-8991; cell (613) 292-5032  
communications@habitatncr.com

**Assistance for Children with Severe Disabilities**  
A program for families making less than $60,000 gross income per year to help with the additional costs of raising a child with a disability. Related to this is the **Fitness Tax Credit**, good up until the year the child turns 18, consistent with other federal tax measures targeted to children with disabilities. As well, the Income Tax Act will be amended to introduce an additional $500 non-refundable amount for DTC-eligible children subject to spending a minimum of $100 on registration fees for an eligible program. This additional non-itemizable amount recognizes the extra costs that children with disabilities may encounter in participating in programs of physical activity, notably with regard to specialized equipment, transportation and attendant care.  
http://www.prontario.org/creditFAQ.htm

**www.jenniferashleighfoundation.ca**  
The Jennifer Ashleigh Foundation assists children who are chronically or seriously ill, are 21 years of age or under and whose permanent residence is in Ontario. Family income impacts on granting decisions. We will consider requests for assistance in the following areas as they are related to the child's illness:  
- Emergency financial relief  
- Respite for a pre-determined period of time  
- Developmental therapies (excluding Hyperbaric Oxygen Treatment)  
- Educational programs, materials, instruction  
- Specially adapted computer equipment and software  
- Medical treatments not covered by government health plans or insurance  
- Recreation that promotes a child's involvement in the community.  
Please call the Foundation office at (905) 852-1799 and ask for a Request for Assistance form. The form may be completed by the child's parent, physician, therapist, social worker, teacher or community liaison.

**The BEAR Children's Fund (radio station 106.9)**  
www.thebear.fm  
The BEAR Children’s Fund was established at the launch of The BEAR in September of 1994 for the purpose of donating money to assist children’s charities and causes that make the quality of life better for children in the Ottawa-Carleton region. Fund-raising for The BEAR Children’s Fund continues year round with 100% of all monies raised going into the fund to help children. If you would like more information on how to receive help from The BEAR Children's Fund or make a donation call The BEAR Monday to Friday 8:30 to 5:00pm. Or write to:

613-225-9273
Edelweiss Private Academy was created to help children with exceptionalities achieve their academic goals. The program is geared towards children who are transitioning out of IBI into regular schools or for children who are not succeeding in the public education system. All classes have small ratios (6 to 1). The focus is to teach the provincially approved curriculum for grades 1 through 6 (elementary only) while catering to the children’s individual needs.
Please note that a psychologist will be required to supervise each child once a month. Please also note that the nature of the school may be accepted for coverage by your health benefits insurer. As well, TIPES senior staff will be supervising each student once every other week. This amount will be paid to TIPES as they will be consulting to the school.

36 School-Related Problems, Issues and Information

In Version 2.0 of the document, I removed most of the information in this section. The Special Needs Roadmap contains the deleted information already.

36.1 **Ministry Information**

The main ministry website provides links to lots of information (i.e. http://www.edu.gov.on.ca/eng/parents/speced.html).

**Special Education Overview**

Many, many links to almost every document about spec ed by the ministry: http://www.edu.gov.on.ca/eng/general/elemsec/speced/speced.html

**How our schools are governed: The Education Act**

www.e-laws.gov.on.ca/html/statutes/english/elaws_statutes_90e02_e.htm

36.2 **The Ontario Special Needs Roadmap For School**

Do you struggle with knowing what to do to help your child with special needs in school. The Ontario Special Needs Roadmap is the culmination of over a year and a half of research that has been compiled in this new interactive school roadmap to help parents navigate the system. The roadmap explains what the different processes mean and how they impact your child.

This roadmap is your GPS to navigate the education system in Ontario for all children with special needs. www.specialneedsroadmaps.ca

36.3 **Advocacy**

Ed Mahoney – https://www.facebook.com/MahonyAdvocacy/

36.4 **A Shared Responsibility: Ontario's Policy Framework for Child and Youth Mental Health, 2006**

http://www.gov.on.ca/children/graphics/stel02_179874.pdf

Report of the Interim Parent Involvement Advisory Board, 2006

Making a Difference for Students with Autism Spectrum Disorders in Ontario Schools: From Evidence to Action, 2007

Education Funding Technical Paper 2008-9

36.5 **Regarding suspensions:**

http://www.edu.gov.on.ca/eng/safeschools/NeedtoKnowSusp.pdf and if you need legal help to appeal a school decision:

36.6 **Post Secondary Transitions**

This guide is a way for students with disabilities to arm themselves with knowledge they need to access resources at college and university and to make a successful transition from secondary to post-secondary school.

http://www.transitionresourceguide.ca/
36.7 **AUTISM ZEITGEIST**
For the newer members of the group or those in the IBI program ... please visit [http://www.autismzeitgeist.com](http://www.autismzeitgeist.com)
This IBI/ABA informational website was created by a mom to help families navigate the government's Autism Intervention (IBI) Program in Ontario. It's chock-full of information and resources ideal for families who are about to enter or who are already receiving IBI services. Download example ISP's, Behaviour Management Plans, DFO GuideBook, Service Option Contracts and view other important supervision information for this ministry funded program??
37 Scholarships

The following information deals with scholarships for individuals interested in research in the area of autism and for students with ASD.

For additional information, visit http://www.autismontario.com/client/aso/ao.nsf/web/Scholarships?OpenDocument

**Eleanor Ritchie Post-Secondary Education Scholarships for Students with ASD**

The Eleanor Ritchie Post-Secondary Scholarships is for students with ASD. These awards are named after Eleanor Ritchie, a long-standing member of ASO, in recognition of her dedication and support for individuals with ASD.

**Jeanette Holden Post-Secondary Education Entrance Scholarships for Siblings of Students with ASD**

The Jeanette Holden Post-Secondary Entrance Scholarships for Siblings of Students with ASD. These awards are named after Dr. Jeanette Holden, a sibling of an individual with ASD, in recognition of her dedication to Autism research, and her contributions to unraveling the mystery of Autism.
38  Tax Credit Information

www.cra-arc.gc.ca
You will need the original T2201 (Disability Tax Credit Certificate). Please check the website for details.

For back-dating disability tax credits (taken from their website): By mail: Send both of the following to your
http://www.cra-arc.gc.ca/tax/individuals/faq/t1filingaddress-e.html tax centre:
a completed form:
http://www.cra-arc.gc.ca/E/pbg/t/t1-adj/README.html T1-ADJ T1

Adjustment Request, or a signed letter providing the details of your request (including the years of the returns you want us to change),
your social insurance number, an address, and a telephone number where we can reach you during the day; and supporting documents
for the changes you want to make and, if you have not sent them to us before, supporting documents for your original claim.

Note: Previously, you could request adjustments to returns for 1985 or subsequent tax years. Under proposed legislation, after
December 31, 2004, only requests relating to tax years ending in any of the 10 calendar years before the year you make the request,
will be considered. For example, a request made in 2005 must relate to the 1995 or a subsequent tax year to be considered.

It is better to claim this tax credit under the parent (or similar to parent) with higher income because it may reduce his/her Ontario surtax. Please remember this credit is non-refundable, which means
you won't be refunded more than the tax you paid for the tax year.

More information can be found on the website www.cra.gc.ca
http://www.cra.gc.ca/ with information regarding disabilities at same website plus /disability

Re: Claiming ABA hours Hours of service are fully deductible but materials are specifically excluded under Section 118.2 of the Tax
Act. The exclusion of materials was confirmed by the Tax court in Mandas v The Queen in 2002

Materials used in therapy do not meet the definition of "medical devices" so are not deductible - not fair but that is the law. However,
service providers can expense the cost of materials as a business expense since this is an "expenditure in the nature of trade" (where
cost is reasonable, abuse of deductible rules would be deemed if expensive items [say over $250] was being expensed, expensive
items need to be set up as assets and the Capital Cost Allowance [depreciation for tax purposes] rules apply). Doctor direction and
supervision makes ABA therapy HST tax free since psychology services are statutorily tax exempt. If this is the first year of ABA
therapy cost deduction an item to note is that you can refile for every year from the date of birth of the child (maximum 10 years back)
and claim the disability tax credit for years prior to the diagnosis date.

Sue Kent sbk@kentgroup.net
Recommended by a parent for help with the Disability Tax credit.

Denis Chainé, CPA, CA, Partner dchaine@logankatz.com (613) 228-8282 ext 115

RSDP Tax Credit Information
Northern Lights www.northernlightscanada.ca 613-668-7483
Northern Lights Canada has been contracted by the Government of Canada to provide information sessions related to the Registered
Disability Savings Plan (RDSP). The RDSP is a savings program to help Canadians with disabilities and their families to save for the
future. Our staff can provide a free information session for organizations and clients who would like to learn more about the RDSP, its
features and benefits, steps involved in becoming eligible, as well as where to get additional information and assistance.

Northern Lights Canada is a privately-owned Canadian organization with 25 years of experience providing services for individuals
living with disabilities. Our goal is to assist individuals to learn more about the RDSP in order to decide if it is right for them,
however, we are not selling this plan. *To arrange an information session at your location or for clients you serve, please contact Brad
Scott at 613-668-7483 or register through our website, at *www.northernlightscanada.ca.

For further information about the RDSP, please visit the Human Resources and Skills Development Canada website, at
www.disabilitysavings.gc.ca.
Legal Issues, Guardianship and Trust Funds

General Legal Information
The information in this sub-section has been taken from e-mail discussions on the Yahoo support group. This information has not been verified.

1. There is a wonderful non-profit Ontario organization called Partners for Planning (funded by the Law Foundation of Ontario) that provides free information and support on all legal and practical aspects of being a person with an intellectual disability or the parent of such a person (ODSP, Passport, guardianship issues, POA, RDSP, wills and estate planning, supported housing, residential placement etc.). Please everybody in this situation, check them out and sign up to get email alerts for their free legal webinars on the issues.

partnersforplanning.ca
They even have a professional services directory if you need to find a lawyer, accountant, financial planner etc.

2. Please also note that you can get up to three hours of free legal support through REACH Canada, which is a law group that specializes in supporting people with disabilities. You can learn more through www.reach.ca

Connectingottawa.com
The university of Ottawa Law School has a free legal clinic staffed by its students also, they might be able to help for some issues, worth a call if someone is desperate.

Guardianship – General info
The information in this sub-section has been taken from e-mail discussions on the Yahoo support group. This information has not been verified.

In response to one person’s request for information about become the legal guardian for an 18 year old, the following response was given (2015 e-mail, included with permission from author):

“Depending on your daughter's skill set she may be able to sign a power of attorney agreement. This would be the easiest solution if it can be done. I think the first step is to arrange a consultation with a lawyer.

You can do this here for free  https://www.lsuc.on.ca/fsrs/

They offer up to 30 minutes for a free verbal consultation with a lawyer either on the phone or in person. We met with a lawyer here in Ottawa the very next day. We received advice on applying for guardianship but the service is available for any legal issue. It is just a consultation (the lawyer will not complete forms) but still very worthwhile as a first step.

You should also contact the Office of the Public Guardian and Trustee  http://www.attorneygeneral.jus.gov.on.ca/english/family/pgt/

In response to one person’s request for the process of obtaining guardianship, the following response was given (2015 e-mail, included with permission from author):

“If your loved one can understand, agree to and sign over power of attorney to you then this is the best route to take. It is much less intrusive in terms of the individual's rights, less expensive and it is a simpler process. If obtaining power of attorney can not be done because your loved one does not have the capacity to understand the significance of this decision then obtaining guardianship might be required. Either way you will need legal advice.

To seek guardianship your loved one will have to undergo a Capacity Assessment (sometimes the courts require 2 assessments). You will have to choose from a list of specialized assessors provided by the Capacity Assessment Office, Ministry of the Attorney General 1-866-521-1033. You will be responsible for the cost of these assessments. Each assessor sets their own fees. The assessors came to our home for about an hour each. They were very friendly and accommodating (roughly $1000 each).

You will need to engage the help of a lawyer to prepare the application, management plan and affidavit. Most commonly (I think) the application is for guardianship with respect to property/finances only as the medical system allows for substitute decision makers with respect to health care but you will need to discuss your specific situation with your lawyer. We provided a very detailed history that helped the lawyer prepare the application and we contributed to the management plan.

You will be responsible for the lawyer's fees. You can ask for a ballpark figure at the start of this process but the lawyer's fees will depend on how things unfold throughout the process.
The process could follow either a summary disposition (the judge reviews all the paperwork and makes a decision) or an open court date where you would be expected to be present in court and may be asked questions.

Prior to the application going to the courts it is reviewed by the Office of the Public Guardian (OPG). There is a fee for their services that you will be responsible for ($250 + taxes). If the application is not complete it may need to be amended and reviewed a number of times before it is forwarded to the courts (at an added cost).

In our situation, every things flowed smoothly and everyone felt that obtaining guardianship was in our child’s best interest. The application was accepted by the OPG first try and forwarded to the courts.

There are some instances where the Office of the Public Guardian becomes the official guardian then the parents can make an application for “Transfer of Guardianship” I do not know the details but my understanding is there is a backlog with the OPG and there can be delays with the transfer of guardianship to parents.

The OPG has a number of brochures available to the public that offer information about the whole process. You can reach them at Publications Ontario 1-800-668-9938.

The Law Society of Upper Canada offers a free 30 minute consultation with a lawyer. For information about this service you can call 1-800-268-8326.

My best advice is to secure a lawyer that is experienced in this area of the law. As I previously stated, we were very pleased with our lawyer Elizabeth Lockhart (elockhartlaw@gmail.com).”

Provides an on-line catalogue of toys for differently-abled children. Please visit their website below.

**Two Special Hearts**
Website providing therapeutic sensory products.
Some of these websites are American and some are similar to online stores. Most of these websites have free downloadable sheets and activities you can do online and/or print off.

A general description (and thoughts) about the content of the web pages have been given. I’ve tried to classify each web page to make it easier to find what you are looking for. Some webpages didn’t really fit in any category so I’ve left them blank.

**Categories:**
- Free – Web page contains free resources. Sometimes some of the information is free and then you have to pay for more.
- Visuals – Use content to create visuals such as visual schedules or communication cards.
- Online – Web page content isn’t printable, you access it online (i.e. interactive games or books).
- Educational – Contains ‘school-related’ material such as math and reading printables.
- Communication – Web site content mostly related to enabling communication skills.

Note, in some cases I have found a particular link really useful. In this case I’ve **bolded** the link.

- [www.pfot.com](http://www.pfot.com)
- [www.therapyshoppe.com](http://www.therapyshoppe.com)

#### DESCRIPTION

Occupational Therapy Plan - an activity idea search engine for pediatric occupational therapy activities. Match skills you want to work on, with materials you have, to a detailed occupational therapy treatment activity.

#### 43.9 Sexuality

- [https://teachingsexualhealth.ca](https://teachingsexualhealth.ca)

If you go to the teacher portal, click on “lesson plan and resources”: there is a section on differing abilities that may be adapted to your child. It’s Alberta Education but looks useful for parents and educators.

#### 43.10 Order Catalogues

- [www.schoolspecialty.ca](http://www.schoolspecialty.ca)
  - Special Learning Needs
  - Sensory Solutions
  - Sportime Physical Education

- [www.stickids.com](http://www.stickids.com)

Supporting children with sensory processing and sensory motor challenges.

#### 43.11 Other

- [http://zeelyadventures.com/](http://zeelyadventures.com/)

Discovering Emotions with Zeely. Available as an app.

#### 43.12 Apps

Apps for iTouch and iPad devices:

Apple has created a "Special Education" category in the iTunes App store. You can find it on the App Store home page (it's a picture halfway down the page) or you can follow this link to go directly there:

Jim McClafferty has posted a link to some great review sites in his blog at: As well there is
<table>
<thead>
<tr>

<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td><a href="http://www.facebook.com/brainparade">http://www.facebook.com/brainparade</a></td>
<td>discussion on Brain Parade fan page in Facebook (Brain Parade is his company) and links to resources as well at</td>
</tr>
<tr>
<td></td>
<td>There's an App Friday page that holds a one-hour party every Friday where developers announce sales or give away promo codes for free apps.</td>
</tr>
<tr>
<td></td>
<td>The A4cwsn (apps for children with special needs) page has a related page called &quot;free apps&quot; that compiles a daily list freebies. It also has a related website with quite a few video reviews of apps. Look especially at the reviews for TapikeoHD and the Abilipad there.</td>
</tr>
<tr>
<td></td>
<td>The Technology in Education FB page is oriented toward special ed, and it has extensive lists of apps - categorized - on its website. It probably has some archived sessions from online educational events that really had some great contributions.</td>
</tr>
<tr>
<td></td>
<td>I also find good leads on FB from Moms with Apps, the iMums, and AT4asd.</td>
</tr>
<tr>
<td></td>
<td>Take a look at the grasshopperapps.com site and sign up for the &quot;free the app&quot; option if anything there looks halfway appropriate - their apps are amazingly customizable (turn photos of the kid's own stuff into puzzles and spelling games, for example). When an app first comes out, it is free for a very short time - with Free the App you get a notice of those apps.</td>
</tr>
<tr>
<td></td>
<td>The key to success with the &quot;code tosses&quot; is to already have iTunes store open to the &quot;redeem a code&quot; page, refresh the FB page constantly (F5 key on a PC), and copy the code using the CTRL-C key combo and paste it into the iTunes &quot;redeem&quot; box using CTRL-V (normal paste doesn't work). (Information shared from another list—I don't pretend to know what the technical stuff means but there are some i-Savy parents out there! DB)</td>
</tr>
</tbody>
