“LAYING THE FLOOR!”

Donor Dedication Floor Fundraiser

Many are aware that on February 1, 2013, Children at Risk moved into Bigger and Better space in Room 209! What you may not be aware is that – in order to make this possible – a major floor renovation had to take place! Hundreds of 4” X 36” Vinyl Wood-Look Planks were installed to replace torn, stained carpeting to make our new location usable!! However, the cost of this necessary renovation was approximately **\$10,000.....** Every Visitor to our New Offices comments on the Fantastic Floor! We are hoping to be able to point to a Mounted Plank with engraved colour-coded plates to those who extended Sponsorship to make this happen!

- 1 PLATINUM SPONSOR \$3,000
